| Leadership  |                          | A STATE OF THE STA |  |
|---|--------------------------|--|--|
| In a quiet way  |                          |  |  |
| T   |                          |  |  |
| A   |                          |  |  |
| Ĺ   |                          |  |  |
| L   |                          |  |  |
| By the way  |                          |  |  |
| The usa has a leader who is an idiot, not fit         |                          |  |  |
| We need leaders to inspire us help us understand wh   | o we are. Not lies and o | corruption, killing a  | and destruction.   |
| Imagine if your loved one was killed suddenly, violen | ntly.                    |  |  |
| All   |                          |  | Constitution of the Consti |
| In  |                          |  |  |
| The   |                          |  |  |
| Name  |                          |  |  |
| Of  |                          |  |  |
| Freedom   |                          |  |  |
| I have to write quickly in order to keep going.       |                          |  |  |
| Tall buildings have large views.                      |                          |  |  |
| One leads   |                          |  |  |
| By following  |                          |  |  |
| Wise, kind,   |                          |  |  |
| Gentle strong   |                          |  |  |
| Wisdom rather than intelligence                       |                          |  |  |
| Seeing not saying                                     |                          |  | <b>W</b>   |
| Being not doing                                       |                          |  |  |
| Inclusive not exclusive                               |                          |  |  |
| We all want to be heard and seem.                     |                          |  |  |
| Charles Charles                                       |                          |  |  |
| Do you know the way?                                  |                          |  | A CAPACIA  |
| It's getting hot in here                              |                          |  | 7 (10 m)   |
| Eternally real.                                       |                          |  |  |
|   |                          |  |  |

But seriously..... what can we expect?
